

Central Falls and the Housing 2030 goal

Housing 2030 growth category: Strategic · goal 328 homes permitted 2026–2030 (33 affordable), about 66 a year

66	92	65	17
homes a year the goal asks for	permitted in 2025, by the State's survey (139% of the yearly pace)	permitted in 2025, by the city's reports to the Census (98%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Central Falls the two counts agreed in 4 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	2*	2	yes
2019	8	8	yes
2020	6*	6	yes
2021	1	6	
2022	1*	2	
2023	2*	2	yes
2024	27	38	
2025	65	92	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
