

Coventry and the Housing 2030 goal

Housing 2030 growth category: Modest · goal 448 homes permitted 2026–2030 (67 affordable), about 90 a year

90

homes a year the goal asks for

49

permitted in 2025, by the State's survey (54% of the yearly pace)

50

permitted in 2025, by the town's reports to the Census (56%)

67

certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Coventry the two counts agreed in 6 of the last eight years.

The State's 2025 report marks this municipality as not having completed its survey before publication, yet prints figures for it.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	57	57	yes
2019	54	54	yes
2020	56	56	yes
2021	71*	71	yes
2022	58*	58	yes
2023	53*	53	yes
2024	58*	103	
2025	50*	49	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
