

East Providence and the Housing 2030 goal

Housing 2030 growth category: Strategic · goal 888 homes permitted 2026–2030 (89 affordable), about 178 a year

178	268	268	0
homes a year the goal asks for	permitted in 2025, by the State's survey (151% of the yearly pace)	permitted in 2025, by the city's reports to the Census (151%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For East Providence the two counts agreed in 4 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	0*	0	yes
2019	0	0	yes
2020	7*	7	yes
2021	7	43	
2022	9*	8	
2023	18	25	
2024	126	158	
2025	268	268	yes

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
