

Richmond and the Housing 2030 goal

Housing 2030 growth category: Continued · goal 63 homes permitted 2026–2030 (10 affordable), about 13 a year

13	11	12	10
homes a year the goal asks for	permitted in 2025, by the State's survey (85% of the yearly pace)	permitted in 2025, by the town's reports to the Census (92%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Richmond the two counts agreed in 4 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	51*	109	
2019	78	40	
2020	29	29	yes
2021	22	22	yes
2022	17	17	yes
2023	12	12	yes
2024	22	16	
2025	12	11	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
