

Smithfield and the Housing 2030 goal

Housing 2030 growth category: Modest · goal 240 homes permitted 2026–2030 (36 affordable), about 48 a year

48

homes a year the goal asks for

30

permitted in 2025, by the
State's survey (62% of the
yearly pace)

30

permitted in 2025, by the
town's reports to the Census
(62%)

21

certificates of occupancy in
2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Smithfield the two counts agreed in 6 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	21*	21	yes
2019	27	28	
2020	18	27	
2021	28	28	yes
2022	17	17	yes
2023	14	14	yes
2024	25	25	yes
2025	30	30	yes

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
