

Cumberland and the Housing 2030 goal

Housing 2030 growth category: Modest · goal 451 homes permitted 2026–2030 (68 affordable), about 90 a year

90	89	61	11
homes a year the goal asks for	permitted in 2025, by the State's survey (99% of the yearly pace)	permitted in 2025, by the town's reports to the Census (68%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Cumberland the two counts agreed in 4 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	73	73	yes
2019	63	155	
2020	56	50	
2021	52	52	yes
2022	37	37	yes
2023	44	44	yes
2024	25	28	
2025	61	89	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
