

East Greenwich and the Housing 2030 goal

Housing 2030 growth category: Continued · goal 111 homes permitted 2026–2030 (17 affordable), about 22 a year

22	5	20	133
homes a year the goal asks for	permitted in 2025, by the State's survey (23% of the yearly pace)	permitted in 2025, by the town's reports to the Census (91%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For East Greenwich the two counts agreed in 1 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	7*	48	
2019	11	19	
2020	34	11	
2021	84	80	
2022	38	57	
2023	34*	34	yes
2024	9	17	
2025	20	5	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
