

Lincoln and the Housing 2030 goal

Housing 2030 growth category: Modest · goal 286 homes permitted 2026–2030 (43 affordable), about 57 a year

57	237	101	77
homes a year the goal asks for	permitted in 2025, by the State's survey (416% of the yearly pace)	permitted in 2025, by the town's reports to the Census (177%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Lincoln the two counts agreed in 4 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	65	65	yes
2019	38	83	
2020	18	18	yes
2021	95	95	yes
2022	72	72	yes
2023	68*	88	
2024	78*	98	
2025	101	237	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
