

Warwick and the Housing 2030 goal

Housing 2030 growth category: Strategic · goal 1,545 homes permitted 2026–2030 (232 affordable), about 309 a year

309	416	119	119
homes a year the goal asks for	permitted in 2025, by the State's survey (135% of the yearly pace)	permitted in 2025, by the city's reports to the Census (39%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Warwick the two counts agreed in 7 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	63	63	yes
2019	96	96	yes
2020	60	60	yes
2021	80	80	yes
2022	72	72	yes
2023	102	102	yes
2024	317	317	yes
2025	119	416	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
