

Westerly and the Housing 2030 goal

Housing 2030 growth category: Modest · goal 397 homes permitted 2026–2030 (60 affordable), about 79 a year

79	40	43	40
homes a year the goal asks for	permitted in 2025, by the State's survey (51% of the yearly pace)	permitted in 2025, by the town's reports to the Census (54%)	certificates of occupancy in 2025, by the State's survey

The goal is written in permits, and the State has not said which count will measure it. For Westerly the two counts agreed in 3 of the last eight years.

NEW HOMES PERMITTED, TWO GOVERNMENT COUNTS

Year	Census Building Permits Survey	State municipal survey	Same?
2018	53	54	
2019	44	44	yes
2020	43	39	
2021	45	35	
2022	78	78	yes
2023	61*	67	
2024	36	36	yes
2025	43	40	

WHAT THE QUARTERLY UPDATE ADDS

Each quarter: the latest Census months against the pace the goal requires, the State's numbers when they publish, and, where the town shares its permit log, a permit-by-permit reconciliation of the two counts, so the number the town reports is the number it can defend.
